# PROFESSIONAL FLEA TREATMENT FOR YOUR HOME

A combined home and pet treatment provides a much greater chance of eradicating a flea problem and is therefore a better long term solution for you and your pet(s).

This online voucher, exclusive to VIP Club Members, entitles you to a one off flea treatment of your home by All Environmental Health Services for £54. That is a **30% saving** over our standard price for this service.

As an established local company, we offer:

- A safe, discreet service in unmarked vehicles
- A professional service delivered entirely by qualified Environmental Health Officers
- Evening and weekend appointments at no extra charge
- Treatment using professional insecticides which complement your pet's veterinary flea treatment
- A wide range of other pest control services

**All Environmental Health Services,**  
**1 Keep Hatch Cottages, Keep Hatch Road, Wokingham, Berkshire**

Treatment is for up to 3 average-sized domestic rooms within your home and does not include pet bedding. If the rooms requiring treatment are very large, or your entire home requires treatment or re-visits, additional charges may apply. We will discuss this at the point of booking and we will always keep costs to a minimum. Combined with appropriate ongoing treatment for your pet as recommended by your Vet, this is usually all that is required, but it is not a guarantee of flea eradication.

VIP Club Members who confirm they are receiving appropriate flea treatment for pet(s) as specified by the vet, may book a one visit insecticide treatment of their home for only £54. Our standard price for this service is £80 or £120 for a two visit treatment. The fee must be paid at the time of the treatment by cash or cheque.

**This voucher may only be used once by VIP Club Members for their registered address.**  
**This offer cannot be used in conjunction with any other offers or discounts offered by All Environmental Health Services or your Vet.**
